#### English translation of the Above Order

Implementation of **Mahanet** (**Bharat Net Fat-2**) project is being provided to all government offices in the state through high speed internet connectivity state lead model. Following project is being implemented through **Maharashtra Information Technology Corporation** (**MAHAIT**). All <u>Government Medical</u>, <u>Dental and AYUSH colleges under the medical education department will be included in the above mentioned project.</u>

Therefore the facility of 100 Mbps Internet Lease Line and 10 Mbps line Multi Proposal Lable Switching is being provided in each college. Presently, through the Maharashtra Information Technology Corporation, action has been initiated regarding the provision of 100 Mbps Internet Lease Line in our institutions as mentioned above. For this, the representative of the concerned company will contact you and take necessary action regarding supply of 100 mbps Internet Lease Line. According to the information received from the above representatives, following instructions are given:-

- 1. The representatives of the companies appointed through the Maharashtra Information Technology Corporation (MAHAIT) should be provided with all necessary co-operation required to access internet service in their college premises.
- 2. The person responsible for the following will be appointed as a Nodal Officer and the details of the Nodal officer shall be submitted in the following format.
- 3. Through the Maharashtra Information Technology Corporation (MAHAIT), 100 Mbps Internet Lease Line main connection will be provided in one main building of our college. After that, the next process of providing internet facility through networking (LAN) in its other departments is to be done at the institution level. Intra college networking will not be provided through the company appointed by Maharashtra Information Technology Corporation (MAHAIT).
