To,
The H.O.D,
Dept. of Pathology,
Tata Memorial Hospital,
Mumbai.

Subject : To apply for a minimum of 15 days posting as observers in the department of head and neck oncology and pathology, TMH, Mumbai.

Respected Sir/Madam,

It is our privilege to pen this letter to your esteemed institute. We the Government Dental College and Hospital would like to send our post graduates from the dept. of Oral Pathology and Microbiology for a 15 days posting to your department of the esteemed Tata Memorial Hospital. This is basically to enhance their clinical and histopathological skills. Ours being a government institute we have a lot of underprivileged patients visiting it and these patients are further sent to your Institute which is the oldest and well equipped for surgical management, chemotherapy and radiotherapy. We would like to associate with you as observers with an interest in upgrading our clinical and histopathological understanding of these patients. We would like to understand your method of applying a panel of IHC Markers and giving the patient a definite report, especially in challenging cases. All this is also in accordance with the PG Curriculum of MUHS, Nashik, to which we are affiliated.

We also request you to share some information with our staff to increase their understanding and equip them for better diagnosis and interpretation of patients with oral tumors. The students will come to your college followup the patients sent from our college and will also maintain a record of the same without hindering or causing any problem to the smooth routine working system of your institute.

All this will eventually be of great benefit to our budding oral pathologists to serve the patients, a with better clinical and histopathological diagnosis.

Thanking you in anticipation.
Yours sincerely,

DEAN
GOVT. DENTAL COLLEGE & HOSPITAL,
MUMBAI.
