

WORKSHOP ON ADVANCE RESEARCH METHODOLOGY
ACTIVITY REPORT
DATE: 22-07-2021 to 28-07-2021
SPEAKER: PROGRAMME CONDUCTOR: NO. OF PARTICIPANTS: 20
SUMMARY <p>An “Advance Research Methodology Workshop” was conducted at the Government Dental College and Hospital, Mumbai on the 27th and 28th of July, 2021. This workshop, which consisted of 20 participants, was aimed to provide a deeper insight on biostatistics as well as conducting research on a larger scale. The first day had an introduction to research methodology along with more depth on sampling as well as tests used for conducting a study. The speaker also helped understand the various tools necessary for carrying out the statistical analysis.</p> <p>On the second day, an introduction to procurement of funds or research grants as well as various funding bodies were made available to the participants. This was followed by a brief lecture on how to conduct a systematic review and meta- analysis.</p>
